

## JOB ANNOUNCEMENT

**Position:** Civil Engineer

**Office Location:** Seattle, WA and Honolulu, HI

*Orion invites you to join our growing firm! Our core values center around our employees. We recognize that employees are essential to our success and ability to deliver exceptional client service. This is a unique opportunity to work with national experts in the airfield engineering industry and with a diverse team, passionate about engineering.*

**Job Description:** Orion Engineers & Associates seeks civil engineer candidates with an interest in aviation to design airports and other civil site development projects at our Seattle, WA or Honolulu, HI office. The position involves civil design of airport infrastructure including runways, taxiways, aircraft aprons, airfield electrical improvements, drainage, grading, and other airport civil infrastructure. The successful candidate will provide airfield engineering services related to planning, assessments, design, project management, and construction management of airport related infrastructure. The candidate will work with Senior Airport Engineers and Project Managers to prepare engineering plans and documents and assist during Construction Administration and Management. The position is ideal for individuals interested in maintaining a technical career track.

The position may require domestic and international travel for project-related meetings during design and construction. The position requires site visits during construction and active participation in Health and Safety and Quality Management Plans.

### **Minimum Qualifications:**

- Bachelor's degree in civil engineering, or other related engineering degree applicable to design and/or construction of civil infrastructure projects.
- 0 to 5 years post graduate experience in Civil Engineering.
- Must be an Engineer-in-Training or a licensed Professional Engineer in Civil Engineering with the ability to obtain licensure in other states.
- Must be proficient in AutoCAD Civil3D and Microsoft Office 365.
- Successful clearance of TSA Security Screening and background check to work at commercial airports.
- Report writing, technical communication, and client communication preferred.
- Must be well-organized and able to manage and prioritize multiple tasks to ensure on-time project delivery, client service, and quality management.
- Excellent English verbal and written skills.
- Ability to work both independently and in a team environment.

- Must possess a valid driver's license and be able to travel, as required.
- Field work in an airport and/or construction environment requires varying work schedules including night work.

**How To Apply:**

- Submit a cover letter and resume with your work history and project experience. Please also indicate your preferred office location (Seattle or Honolulu).
- Selected applicants will be invited to an initial phone interview.
- Shortlisted applicants may be contacted to schedule an interview with the Hiring Manager.
- Shortlisted applicant's references and previous employers may be contacted to verify work experience.

**Job Type:** Full-time

**Pay:** \$70,000. to \$92,000.00 per year

**Benefits:**

401K	Paid Time Off
401K Matching	Paid Holidays
Health, Dental and Vision Insurance	Professional Development Assistance
Life Insurance	Retirement Plan
